I am an active student currently in the 4th semester at the State Polytechnic of Medan, majoring in Computer Engineering. Throughout my academic journey, I have been actively involved in various organizational activities, particularly in the Student Association. I believe that participation in extracurricular activities like this has helped me develop interpersonal skills, leadership abilities, and time management.

Personal Experiences

Awardee of Pertukaran Mahasiswa Merdeka - Malang, Jawa Timur, Indonesia Feb 2024 - Present

State Polytechnic of Malang 2024

Developing intensive encounters and dialog in diversity and mutual understanding so as to strengthen the unity of national insight

Digitalent Kominfo - Yogyakarta, Indonesian Sep 2023 - Present

Junior Network Administrator

I am participating in the Digitalent program by the Ministry of Communication and Information Technology (Kominfo) in the field of Junior Network Administrator to enhance my knowledge and training in the field of networking.

Education Level

State Polytechnic of Medan - Medan - Aug 2022

Diploma in D3 Computer Engineering

SMA N 4 PematangSiantar - PematangSiantar Jul 2019 - Apr 2022

High School Diploma in Science Major

Organisational Experience

Himpunan Mahasiswa Program Studi - Medan Mar 2023 - Mar 2024

member of the Christian religious division

As a member of the Christian religious division within the organization of the Student Association of Computer Engineering program, I have a responsibility to strengthen the religious aspect in the activities and programs carried out by the student association. Despite being part of the Christian religious division, I still have plenty of opportunities to engage in other activities and committees within the organization. This demonstrates my flexibility and ability to actively participate in various aspects of organizational life.

Skills, Achievements & Other Experience

- **Hard Skills** 🎯 (2023):
